NEXT TELECONFERENCE:
Tuesday, 2017 September 19th
12:00 Noon Eastern Standard Time
ADDENDUM:

Details from Puerto Rico Local Section Event
This is the info received from Angel Colon, who is the Coordinator of the Meeting, in charge of place selection, food, organization, equipment, registration, public relations, marketing, while Edmy Ferrer is in charge of the Scientific Committee selection. He’s also the secretary of the PR local section. These are his statements.

This year the PR Local Section will add a Business Development and Management Program to the Puerto Rico Local Section Scientific Annual Meeting. The Business Program would give the opportunity to our members to present their business ideas or business success stories in a poster presentation. Also, we will have motivational speakers, entrepreneurship speakers and some workshops to promote a business mind-set in our membership.

We are planning to invite speakers from the island, investors, professors, and entrepreneurs. Recommendations are always good from your part.

The Program will be on December 1st and 2nd, 2017 at Costa Bahía Hotel, Guayanilla, Puerto Rico. The poster section will be held on December 1st and the speakers, workshops and oral presentation will be the 2nd.

This would be the first time in our local section that we will be having a business program in the meeting. We would like the support of the BMGT to promote the event, to give informative material of the BMGT division to our members (so they can join the division) and also see the benefits of being part of the BMGT. Also, we would like the support to get an IPG grant to help with the financial costs of the program.
