Committee Reports

Treasurer

The budget appears to be on track. Action item – Dan to send Sandy any unpaid invoices from the M3 conference.

Membership

The IPG money is in the bank and Gloria Garrett from Hershey Management Group has taken on the three small divisions who were awarded the grant to brand and market them. BMGT alone has contributed additional funds for market analysis and will be the only division to receive the market analysis. The idea is to create a turnkey process to brand a technical division that can be applied to any other division interested in the service. Gloria is collecting data on our membership for the market analysis now and Dan will send the results of the survey ACS conducted on our behalf. Gloria plans to have some ideas by the end of January. Action item – Dan send Gloria Garrett member survey results. Cara Allen will be joining the division, Tony will send her info to Sharon. Angela has explored Wild Apricot to manage membership.
