#### ○ National Meetings:

##### ▪ Spring Meeting:

- Discussion on Networking Sessions: What format should BMGT use? Diane suggested reaching out to other Divisions like PROF to see what they do. Diane stated we should try a survey after networking session to try and generate membership.
- Friday, April 9 1-4pm PDT – “The Power of Professional Agility” symposium will be going on with a great line-up of speakers to talk about how to be agile and responsive throughout your professional career. Speakers will address a range of related topics from how to develop agility as a graduate student, how to maintain an agile mindset during job searches, how to make pivots in your career or with your business, as well as how large corporations like Pfizer utilized corporate agility to develop a COVID-19 vaccine! Should be a good session and I’ve attached a flyer that the primary organizer and MAL, Ian Start, put together that works great to post on your social media pages. Thanks, Ian!
